Dear Bernie:

Reference is made to your message No. 5460 dated 29 May 1958 and cancellation of overseas salary allotment applicable to [REDACTED] which you state should be effected after the 31 May 1958 payment. For your information Mr. [REDACTED] departed the field installation shortly after he received his April field allotment. You were advised of this in a message from Detachment B identified by No. 1575 under date of 3 June 1958.

Since our last payment to this individual was effected for April you may want to take this date into account during the processing of his domestic pay.

Very truly yours,

Doug
